

# Author Request for Permission to Reprint

---

*This form is intended to assist JAOA authors seeking permission from other publishers to reprint materials (eg, tables and figures) with their original work, should that work be accepted for publication in The Journal of the American Osteopathic Association (JAOA).*

---

In accordance with current copyright laws, authors must obtain permission from **the original publisher of the original work**, not from the person(s) who created or authored the original work. The use of this particular form is not required by the JAOA, however, and is intended only as a guide for authors to expedite this process with original publishers. Authors must obtain a signed form or letter from the original publisher specifying any stipulations that may accompany their permission to reprint. **Authors are also responsible for obtaining specific information regarding how the publisher requires the permissions to be worded in the reprint's caption.**
